Art Unit: 2165

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 41-46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 41: (1) Claim 41 presently calls for transforming a query according to a nomenclature and encoding numerical data according to a nomenclature. It is not clear whether the same nomenclature or different nomenclatures is used for both transformations.

(2) The last step of claim 41 states that the creation of the nomenclature occurs subsequent to analysis of the records, but no previous step is recited of analyzing any records.

(3) The claim appears to be suggesting that the analysis of the records occurs prior to the submission of the query. Normally, a query triggers an analysis of records to produce search results, so performing the analysis before the query does not appear to be logically consistent.

Claims 42-46: Claims 42-46 depend from claim 41.

Claims 35-40 and 53 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
